

# Are you worried about your child's development?

## Child Find can help

**Child Find** is a free referral & information service that helps connect individuals with learning challenges to school-based support programs.

**Entiat School District**

**509-784-1800**

**If a child or youth (0-21 yrs old) is having difficulties in any of the following areas, please contact your local school district:**

- Physical Development
- Vision / Hearing
- Speech / Language
- Intellectual Development
- Behavior & Emotion
- Learning Skills
- Self-Help
- Social Interaction

Family or caregivers with concerns about their child's development, can contact their local school district for information about the **Child Find** process. If the child is living in a temporary situation, you may contact the district where you are currently staying.
