By signing this Agreement, I acknowledge and assume full responsibility for ensuring that myself and/or my child(ren) (or myself, if I am an adult student/unaccompanied youth) are safely transported between home and school regularly and on time. I further assume full responsibility and release Entiat School District from any and all liability to include, but not limited to, accident or injury to myself or them arising from the transportation that is the subject of this Agreement.

In accordance with WAC 392-141-350, Entiat School District shall contract with the custodial parent, parents, guardian(s), person(s) in loco parentis, or student(s) to pay the lesser of the following in lieu of transportation by the district:

Mileage for home to school transportation (in whole or part) for not more than two necessary round trips per school day, unless additional trips are required due to the provisions of the student's individualized education program; or mileage for home to school transportation for not more than five round trips per school year, plus room and board.

In consideration for these transportation services, Entiat School District agrees to reimburse me in accordance with WAC 392-141-350. This payment shall be calculated as follows:

- Mileage reimbursement shall be computed by multiplying the actual road distance from home to school (or other location specified in the contract) with any type of transportation vehicle that is operated for the purpose of carrying one or more students by the maximum rate of reimbursement per mile that is authorized by law for state employees for the use of private motor vehicles in connection with state business.
- Where more than one child or more than one school is involved, the transportation calculation will be adjusted to reflect the actual round trips reasonably required by the school day start and end times.
- Payments will be processed and adjustments made at the end of each month.

This Agreement shall become effective on _____ through the end of the current regular school year. However, recognizing that circumstances may change and that arrangements for alternate transportation may take time, the parties agree that this agreement may be terminated by either party with 30 days, written notice for any or no reason. Should the district terminate the agreement, another form of transportation will be provided if the service is still needed. Compensation shall be paid through the date of termination. If Entiat School District has not received the signed copy of the contract within 30 days of the effective date above, the contract shall become null and void.

Two copies of this Agreement shall be signed, one for each contracting party.

WAC 392-141-350 Authorization and limitation on district payments for individual and in lieu transportation arrangements.

Districts may commit to individual transportation or in lieu arrangements subject to approval by the educational service district superintendent or his or her designee. The following arrangements and limitations apply:

(1) A district shall contract with the custodial parent, parents, guardian(s), person(s) in loco parentis, or adult student(s) to pay the lesser of the following in lieu of transportation by the district:

(a) Mileage and tolls for home to school transportation (in whole or part) for not more than two necessary round trips per school day, unless additional trips are required due to the provisions of the student's individualized education program; or

(b) Mileage and tolls for home to school transportation for not more than five round trips per school year, plus room and board.

(2) The in lieu of transportation mileage, tolls and board and room rates of reimbursement which a district is hereby authorized to pay shall be computed as follows:

(a) Mileage reimbursement shall be computed by multiplying the actual road distance from home to school (or other location specified in the contract) with any type of transportation vehicle that is operated for the purpose of carrying one or more students by the maximum rate of reimbursement per mile that is authorized by law for state employees for the use of private motor vehicles in connection with state business;

(b) Toll reimbursement shall be computed by adding the actual fees paid as a condition to the passage of a transportation vehicle and its student passengers or its operator, or both, across a bridge or upon a ferry, and similar fees imposed as a condition to the passage, ingress, or egress of such vehicle and its student passengers or its operator, or both, while traveling to and from school; and

(c) Board and room reimbursement shall be computed at the rates established by the department of social and health services (inclusive of the basic rates and, in the case of disabled students, the additional amounts for students with special needs, but exclusive of any rates or amounts for clothing and supplies).
