<p><b>ASB FEES                  ADMISSION</b></p>	<p>Greg Whitmore presented on ASB fees and admission for 2024-2025 school.                  A few years ago, House Bill 1660 passed and had to make allowance for free/reduced families. At the time the district made a decision to not charge fees. With this decision also came the decision for the district to transfer \$15,000 to the ASB fund for loss of revenue. At this point it hasn't been a hardship on the district. We will look over all the finances and bring this back to the board. We just wanted to get the conversation started.                  Ms. Montgomery: Do all districts charge fees.                  Greg: I believe so.                  Nicole: I wouldn't mind if we had some type of system like a pass.                  Robin: From what I have seen it requires that families turn in a form that determines if they are free/reduced and they aren't filling it out. I think it would be easier to give all passes to all the Entiat community. Instead of figuring it out.                  Nicole: What is the cost of the game officials, uniforms and such.                  Greg: We will get this information to you next time.                  Cannon: Now that we passed the Levi we might not want to start charging.                  Greg: Let's look at the numbers and come back next meeting with action.</p>
